### Chairman's Corner

As usual, our Carson Valley Days breakfast was a great success. We want to thank Model Dairy, Alpen Sierra Coffee Roasting Company, and Nature's Bakery for providing the food. Don't forget our hamburger and hot dog BBQ on the 4<sup>th</sup> of July. The Board and the Minden Town Staff looks forward to seeing you there. Our staff is busy maintaining our parks and facilities. Please take the time to thank them for all they do to keep our Town looking good.

The Seeman Pond Project is complete with a bathroom, pavilion, fishing pier and fish waiting to be caught. Next, we are looking forward to the installation of a splash pad and pavilion in the Westwood park.

Last, as a dog owner myself, I want to keep Minden a dog friendly environment. When walking your dog or playing with them in the parks, please, be a responsible

dog owner and pick up after them. The Town provides poop bags and waste receptacles for your convenience.

-Bill Driscoll

The July Board Meeting has been moved to July 13th and will take place in the Fortnightly Room.

We know you love your furry friends, we love them too, but for the safety of everyone please leave them at home during Concerts in the Park.

# TRASH NOTES

*(Excludes the Ranch @ Gardnerville)*

Please separate your cans 3 feet away from other obstacles. This will help to prevent the truck arms from tipping over other cans or damaging vehicles and other objects.

## Holiday Trash Schedule:

**There will be no changes to your regularly scheduled trash day.**

## Yard Waste:

For your **BROWN** can. Please do not put any trash, plastic bags, or doggy poop in this can. It is for clippings and yard refuse only. Large branches need to be cut down and cannot stick out of the top. Green Waste is picked up on Thursday. Please have your cans out by 6:00am.

## Extra Trash Day:

Your 3rd trash pickup of the month. Set the extra trash off to the side of your cans by 6:00am. Please do not put the extra trash in the Brown can.

## Did you know?!

We have three separate trucks that come around throughout the neighborhoods. Each truck will handle either Residential, Yard Waste, or Commercial Trash. If you see someone go by they may be with a different service and your truck may be coming by later.

# Tip of the Quarter

Water conservation is in the forefront of all of our minds. Here are some tips that anyone can do to help.

- Double-check your irrigation watering times. Instead of watering during the hottest part of the day (between 10:00am – 6:00pm), watering in the early morning or late evening can help reduce evapotranspiration.
- Check your sprinkler valves, lines, and drip systems for any leaks or breaks on a regular basis. Replace any broken components as soon as you find them to ensure the system is working properly. Adjust sprinkler heads to avoid overspray onto sidewalks or roadways.
- Check for leaks on the house faucets and toilets. Adding a little food coloring to the back tank of your toilet is an easy way to see if it's leaking.
- When it's time to wash your car wash turn the water hose off between scrubbing and rinse cycles.
- If you think you may have a leak, call the Town Office and we can check your usage.
