

PROCLAMATION NO. 2023P-001

A PROCLAMATION DECLARING JANUARY 2023 AS “NATIONAL RADON ACTION MONTH IN MINDEN, NEVADA”

WHEREAS, many Town of Minden residents don’t know about radon, yet need to know for the safety and health of their families, as radon is a colorless, odorless, naturally occurring radioactive gas that is the primary cause of lung cancer among nonsmokers and the second leading cause of lung cancer for smokers; and

WHEREAS, the U.S. Environmental Protection Agency (EPA) estimates 21,000 people in the U.S. die each year from lung cancer caused by indoor radon exposure, and lung and bronchus cancer kills more people in a year than any other cancer; and

WHEREAS, radon kills more people than secondhand smoke, drunk driving and home fires combined; and

WHEREAS, any home in Minden may have elevated levels of radon, even if neighboring homes do not, and living in a home with an average radon level of 4 picocuries per liter of air poses a similar risk of developing lung cancer as smoking half a pack of cigarettes a day; and

WHEREAS, testing is the only way to know if a home has an elevated radon level, and testing is easy and inexpensive, and when identified, homes can be fixed; and

WHEREAS, University of Nevada, Reno Extension’s Nevada Radon Education Program, the Nevada Division of Public and Behavioral Health, and the EPA support efforts to encourage all Town of Minden residents to test their homes for radon, mitigate elevated levels of radon, and have new homes built with radon-reducing materials and features.

NOW, THEREFORE, the Minden Town Board, does hereby proclaim January 2023 as

**“NATIONAL RADON ACTION MONTH”
In Minden, Nevada**

ADOPTED this 4th day of January, 2023

Steven Thaler, Chairman

Bryan Davis, Vice-Chair
